I confirm that all students registered for the Course **CE4102P: Design Project** are undertaking two projects as part of their curriculum:

1. Planning, Analysis, and Design of a Reinforced Concrete Building
2. Planning, Analysis, and Design of a Steel Building

Best Regards,

Hemant

**Subject:** Request for Course Project Verification Acknowledgement for Placement CVs | [CE4102P / Design Project]

Respected Sir,

Hope you are doing well.

I am writing to you on behalf of the entire Civil Engineering batch of 2027 in my capacity as the Department Placement Representative (DPR).

As the placement registration and CV verification process by CCD is currently underway, students are required to provide proof/acknowledgement for every academic and course project mentioned in their CVs. Many students from our batch wish to include their work from the **Civil Engineering Design Project** under their CV project section.

To avoid you receiving numerous individual emails from each student, I am reaching out centrally on behalf of the entire batch. As the group divisions and student details for the course are already available with you, could you please provide a brief acknowledgement/confirmation via reply to this email?

You may reply directly to this email (or CC/tag the batch mailing list), or I can also forward your response to everyone, so students can attach it in their Google Drive proof folders for the CCD verification team.

Thank you very much for your time and continued support.

Warm regards,

**Ayush Kumar**
