To concerned authorities,

I am pleased to write this letter of recommendation for Mr. Deepak, a dedicated and driven student of the Indian Institute of Technology Guwahati (IIT Guwahati). I have had the pleasure of teaching him over the past two years as his faculty advisor and teacher. It is with great confidence that I recommend him for the internship opportunity at the National Highway Authority of India (NHAI).

Deepak has consistently demonstrated strong academic performance, coupled with an impressive involvement in various extracurricular activities. He has actively contributed to multiple college clubs and has played an integral role in organizing and managing several campus festivals. His participation in various competitions has not only showcased his talent but has also earned him high ranks, reflecting his determination and capability.

Beyond his academic and extracurricular excellence, Deepak possesses commendable personal qualities that make him an ideal candidate for this internship. He exhibits a strong sense of leadership, excellent management skills, and a natural ability to work collaboratively in a team. His dedication, professionalism, and strong work ethic are evident in every task he undertakes.

I am confident that Deepak will bring the same level of commitment and enthusiasm to the NHAI internship as he has consistently shown during his time at IIT Guwahati. I wholeheartedly recommend him for this opportunity and believe he will be a valuable asset to your organization.

Please feel free to contact me if you require any further information.

Sincerely,

(Bimlesh Kumar)
